Granite is known to be used for art and architecture for centuries now. A host of magnificent monuments around the world stand as testimony of the beauty of granite stones.

Colonial Gold is a beautiful Indian granite that speaks royalty wherever used. The mixture of mica & dark burgundy spots accumulated across the gold background bring a royal touch to the surface. A favourite in the kitchen counter segment, this stone looks equally beautiful and does perfect justice to vanity tops and wall claddings as well.

When you buy a slab of granite, you bring a piece of history home. Granite stones are naturally beautiful because they are designed by none other than the nature itself.

Because no two natural stones slabs are alike, it grants exclusivity and uniqueness to every surface where it is adorned.

Use it for Your kitchen counter tops, bathroom vanity tops, flooring, wall cladding, staircases or designer terraces. Granite is ever beautiful!
